

Informed Consent in the Care of the Adolescent Patient - *How Not to Mount the Kerb*

The ability of adolescents to consent to various types of health care may vary depending on the clinical situation. Frontline medical professionals have a responsibility to be aware of the legal and ethical issues surrounding adolescent consent and should be familiar with obtaining informed consent from adolescent patients in their areas of practice. This symposium addresses issues surrounding adolescent consent, such as contraception, diagnostic testing, procedural treatment and confidentiality.

TOPICS

- Informed Consent in the Adolescent Patient - Developing Autonomy?
- The Process of Informed Consent in the Care of the Adolescent Patient

INTER-PROFESSIONAL GAMES 2024

UNLEASH YOUR SKILLS AT THIS YEAR'S IPG

SMA has successfully hosted the Inter-Professional Games (IPG) 2023. We extend our gratitude to all SMA Members and participants for your dedication and effort. Moving forward, we continue to partner with the other five professional bodies, namely the accountants, architects, engineers, lawyers and surveyors, to organise the annual IPG.

The upcoming IPG will take place between August and November 2024. Compete in your favourite game and represent SMA in this year's events! The proposed game lineup for 2024 includes badminton, basketball, bowling, chess, floorball, golf, netball, futsal (men), futsal (ladies), squash, table tennis, tennis, volleyball and pool (cue sports), pending confirmation.

If you wish to take part in IPG 2024 or find out more about the games, please visit: <https://bit.ly/4bmQEX6>.
