Helping Smaller Clinics Meet HIA Requirements: Professional Practice Issues

MARCH
28
2026

1 MME point

1.30 pm to 3 pm

Webinar via Zoom

The recently passed Health Information Act (HIA) requires all medical clinics to contribute selected health information to the National Electronic Health Record (NEHR) system. Recognising that our clinics operate with varying levels of computerisation – from non-computerised to fully digital systems – this webinar addresses the practical aspects of “becoming HIA compliant”.

The session will cover (1) medical clinics’ obligations under HIA; (2) NEHR contribution requirements on what needs to be contributed and how to contribute; (3) the baseline cyber- and data security requirements; and (4) support available to help medical clinics transition to the HIA era, including practicalities of using third-party vendors versus doing it yourself. Find out more about the HIA requirements to get your clinic ready – register for this webinar today.
