

Scenes from the West Lake

Hangzhou is a convenient 50-minute high-speed train ride (up to 300 km/h) from the Shanghai Hongqiao Railway Station. The trip in October 2011 was ideal as the weather was cool and sunny. I highly recommend at least an overnight trip, and the ideal hotel: the Hyatt, strategically positioned on the northern side of the famed West Lake. Stroll leisurely along the perimeter of the West Lake, savour the tranquil ambience, and enjoy the sights, smells and sounds...
