

1st International Conference on Humanitarian Medical Missions

Date: 30th October to 1st November 2014

Venue: Academia, 20 College Road,
Singapore 169856

Promoting volunteerism among students from local medical schools

SMA and the SMA Charity Fund (SMACF) support volunteerism among our profession, to make a positive difference in the lives of the less fortunate.

SMACF is one of the local partners of the 1st International Conference on Humanitarian Medical Missions, which will be held from 30 October to 1 November 2014 at the Academia. We will be sponsoring up to 30 needy medical students who have expressed keen interest in this conference, but are unable to participate due to financial difficulties. If you are a Singaporean or Singapore permanent resident, who is studying in one of our local medical schools, currently receiving financial bursaries and continue to require financial help in Academic Year 2014/2015, do register your interest at <http://goo.gl/QpTEH2> by 5 June 2014. For further enquiries, please contact us at smacharity@sma.org.sg.
