## Join UMP to give everyone trusted and affordable healthcare.

Our vision is to give everyone access to trusted and affordable care. We are looking for open minded General Practitioners who are interested to expand their clinical experience and in passing their expertise to young general practitioners in the Greater Bay Area. China's current healthcare reform has its major focus on enhancing general practice, providing a unique opportunity for experienced doctors to excel in this unprecedented era.

### Here are a few questions for you:

- Are you interested to explore delivering healthcare services to patients within the Greater Bay Area?
- Do you believe technologies of the future can help us deliver healthcare services more effectively?

If you answer “Yes” to the above two questions, you should talk to us immediately.

We are a healthcare organization with 30 years of experience in Hong Kong, and are currently expanding our services to the major cities in China. We have a strong partnership with major health insurance providers globally, thus providing health services for clients from a variety of backgrounds. In order to ensure high quality services, we have developed a RCGP-accredited GP-training program in China that provides both theoretical and practical skills upgrade for young family physicians. Our upcoming major development is to provide both online and offline consultations to patients with non-urgent medical problems.

We are looking for experienced general practitioners with Mandarin/Putonghua capability who are interested to provide primary care related training and telemedicine services.

## What we offer

- For private general practitioners with more than 5 years of experience, we offer an attractive salary per month plus incentives based on performance
- We offer Housing and home leave tickets
