

HCA Hospice Care is the largest home hospice provider in Singapore and is a registered charity since 1989.

As we continue to grow our clinical teams and set new benchmarks in palliative care excellence, we invite doctors who are passionate about making a difference in palliative care and share our values of Compassion, Professionalism and Respect to join us as:

Resident Physicians or Consultants

You will work alongside hospice nurses, medical social workers and other allied health specialists to support patients and families in the home and day care settings. This involves holistic patient assessments, care planning and ongoing reviews using a family centred model.

Development of our staff has always been our priority. Local and overseas training opportunities are widely available, in various formats and at diploma and specialist levels.

Requirements:

- MBBS Degree registrable with the Singapore Medical Council
- At least three years of clinical experience as a doctor
- Post-grad qualifications or prior experience in other related disciplines e.g. Family Medicine, Oncology, Internal Medicine, or Geriatrics will be useful

Interested applicants are invited to submit a detailed curriculum vitae with a recent passport-size photograph to humanresources@hcahospicecare.org.sg

HOME IS WHERE THE CARE IS
