

Build your career with Changi General Hospital

We are looking for **Senior/Resident Physicians** to join us in defining tomorrow's medicine.

You will provide comprehensive health screening services for the general public and CGH employees. This includes making appropriate recommendations and referrals based on clinical assessment and review. Successful candidates will also be appointed as Designated Medical Examiners (DMEs) for licensing medical examinations and fitness assessments of aviation personnel. Eligible candidates will receive relevant training for their appointment as DMEs.

Requirements:

- Fully registered with Singapore Medical Council
- At least three years post-HO experience
- Knowledge of Aviation Medicine is preferred but not essential
- Good interpersonal and communication skills
- Fully vaccinated against COVID-19 under the National Vaccination Programme
- Will be deployed to off-site clinic for service provision
